

Once there was a girl called Fi

Once there was a girl called Fi. She was clever and fun and full of life. She loved to go on adventures and to try new things and she was full of plans for all the things she wanted to do.

One dreadful day, Fi had a terrible accident and despite everyone doing their very best, she sadly died. Fi's family were devastated and didn't know what to do. They decided to go away together to grieve and whilst they were away, they met a lovely lady who was also called Fi. This lady had made lots of little angels. The angels all had a message with them ...

PLACED WITH LOVING CARE
IS A SPECIAL ANGEL THAT I

AND STOP YOU FEELING BLUE
TO LIFT UP YOUR HEART
AND WATCH OVER YOU

SHARING THE FI ANGEL'S

It was as if Fi was telling them to keep on going and to have all the adventures that she had wanted to have.

HELPING FRIENDS AND FAMILY

They bought all of the angels and asked the lady to make some more. They gave angels to all the people who had helped Fi after her accident and to all of her family and friends who missed Fi.

The people took their angels with them when they went on holidays and adventures and to special places. One angel climbed a mountain whilst another has travelled right around the world!

THE FI ANGELS

Where will she go next?

Angels have been taken to weddings and they've helped at sad times and tricky times as well. Fi's love is with the angels and they help people when they need it.

If you had an angel, where
would you take it? What
adventures would you go
on? We'd love to know.
